AIRMAN BEATS PIGEONS.—In a unique race between 30
trained homing pigeons and Lieutenant J. Kendrick Noble the air-
man was easy victor recently. The race was flown between Staten
Island and Washington, and Noble arrived at the capital metro than
two hours ahead of the birds. The picture shows Noble congrat-
ulating one of the birds held by Mrs. Frank Vanderlip who sent to
Washington, by means of the pigeons, invitations to a garden fete
for the benefit of a college burned in the Tokyo disaster.

TWO-MINUTE TALKS A Daily Tonic
By ROBERT POWELL

"THOU SHALT NOT—!"

"I live my own life and nobody can dictate to me," said the boaster, who filled himself with phrases without regard to their relative meaning.

The old man shook his head. "There is one thing you cannot do," he said musingly.

"And that is—"

"You cannot beat God with a lie," the boaster shrunk away, blinded by the invincible power of a truth which tore aside the veil of sophistry wrapped around his actions.

There is a "Thou shalt not," which is stronger than lies, evil actions, or plottings against righteousness. History teems with the names of men who have lifted themselves against immutable truths and have been ground into the dust. Nero contemptuously ordered his courtiers to "desist and to utterly remove from the earth, these people who call themselves Christians." To-day Nero's name rots in infamy but the faith of the early martyrs spreads from shore to shore.

In less spectacular ways every day the "Thou shalt not," which underlies the moral law is proving that Man cannot beat God with a lie. The commandments graven upon stone are also written by the finger of Conscience upon each heart. Man knows the right and the wrong. He may transgress and he can receive forgiveness. He may fail, yes, seventy and seven times, for mercy is not limited. But if he lifts himself against this "Thou shalt not," which rises like a mountain peak against the sky, the day must come when he will see that he has attempted the impossible. In that bitter hour his courage, cunning, and armour plating of platitudes will crumble away. The futility will fail.

Look around and you will perceive how blighted some men are by refusing to believe that a lie can cope with truth. "I live my own life," says one, who is amassing a fortune by greed and sharp practice. "I am answerable to nobody but myself," cried another who is sunk in sensuality, even though it be concealed. "I've got a special 'religion' of my own," declares one who has long since ceased to remember his Creator. "Number One first, and the rest nowhere," pipes the cynic who believes that when "you are dead that is the end of all."

These are lies that will shatter against the rock of the Divine "Thou shalt not," upon which the law of life is founded. Some people may think it "old fashioned" to speak of the Ten Commandments. But whatever science may say or modern thought may evolve, we cannot escape from the truth that these Commandments are founded upon Justice, Reason, and Humanity, and their infraction brings sorrow, remorse, and suffering upon ourselves and upon others.

"You cannot beat God with a lie. Men have tried. Men will try. But they will fail, and happy are those who see this before it is too late, and they dash to pieces their delusion upon the Rock of Ages, that Eternal Justice," which will "try every man's works."

DEPORTEES QUARREL.

THEFT CHARGE LEADS TO ASSAULT.

Two deportees from the Depot Shed appeared before Mr. E. W. Hamilton, at the Kowloon Magistracy this morning, one as defendant and the other as complainant in a case in which defendant was charged with stealing 23 guilders and assaulting the complainant.

The facts, as outlined by the prosecution, were that yesterday afternoon the complainant went to have a bath and in his girdle were the 23 guilders. Defendant went in later, took the money and went out again. The girdle was later recovered in a lane. A constable from the Depot Shed searched defendant and found ten guilders on his person. Another five guilders were found amongst defendant's belongings. He claimed the ten guilders but said he did not own the other five. When the complainant accused defendant of the larceny, he was assaulted.

After hearing the evidence, defendant was discharged on the first charge, his Worship remarking that both had come from the same port and therefore they could both have had Dutch money. On the second charge defendant was ordered to pay complainant five guilders compensation.

Criss-cross Shading.
The various figures in the drawing are all shaded with criss-cross lines. The levelling of the shading varies in each figure. Allow yourself about half a minute for this "teaser." In that time try to pick out the figure which you think has the heaviest shading. Is it a circle, diamond, square, triangle or oblong. There is not a great deal of difference in them, so you must look carefully before you make your decision.

BUILDING UP THE BABIES.

How Baby's Own Tablets Help.

Thin weakly infants and small children are usually victims to stomach or bowel trouble. When this condition has been set right it is astonishing how quickly the little ones put on flesh and start to thrive. Their pallor and fretfulness gives place to rosy, happy, health. For infantile stomach and bowel ailments there is nothing so good as Baby's Own Tablets, the Canadian children's remedy. Parents everywhere who have tried them are unanimous in their praise. Here is an American mother's evidence:

"I think Baby's Own Tablets are excellent for children," writes Mrs. Philip Teller, of 52 Ash Street, Willimantic, Conn. "My boy had been troubled for over a year with his stomach. The food he ate did not digest properly and he had cramps. I gave him Baby's Own Tablets and they corrected his trouble. He is in good health now."

Baby's Own Tablets reduce fever, relieve indigestion and colic, remedy constipation, check diarrhoea, make teething easy, expel worms, are absolutely free from opiates or narcotics and are guaranteed safe for children of any age. Chemists sell them also post free, 60 cents the vial, from Dr. Williams' Medicine Co., 60 Kingston Road, Shanghai.

DEATH.

NORTON. At Colombo on July 21st, 1924, from enteric fever, Herbert James Bridges Norton, late manager of the Hongkong Hotel. (by cable)

The Telegraph.

HONGKONG, 22nd July, 1924.

WHO'S TO BLAME?

There has surely been no greater anomaly in Hongkong's history than that contained in the fact that at a moment when all the Colony's reservoirs are overflowing, a considerable and very populous district of the city should be rationed in its water supply. At the moment, many residents in West Point (all who live west of Eastern Street) are only getting an intermittent supply, and this fact is officially explained as being due to the muddy condition of the Pokfulam Reservoir, which normally feeds that part of the city. As to the reason for this muddy water, we are told that it is principally accounted for by the fact that, as a result of recent heavy rains, large quantities of earth used in the construction of the new road to the Peak have been washed down the hillside into the catchment areas and finally become deposited into the reservoir. The explanation is doubtless the correct one, but the mischief is that there is very little prospect of the evil being remedied soon.

The danger of Pokfulam Reservoir being fouled in this way is, according to a statement by a Government officer, likely to last until this new Peak road is asphalted and the retaining walls completed—a matter of about two years. If this means that West Point residents are to be kept on an intermittent supply every time, during that period, that soil is washed down into the reservoir, then we can only describe the outlook as one which reflects no credit on the Government's powers of foresight. Indeed, we go so far as to say that there is little evidence of co-operation between Government departments in the circumstance that, by reason of the construction of a new road to the Peak, a considerable part of West Point has perforce to have its water supply cut down during the height of an unusually wet season. Surely the consequences of throwing tons of earth down the hillside

near catchment areas should have been foreseen. If not, then once the results became apparent, steps should have been taken either to supply this district from another source or to protect in some way the reservoir from further muddy floods. The worst aspect of the situation is that the evil is still being aggravated by the continuous rains, and there is no official intimation that measures are to be adopted to put a stop to it. We can hardly conceive that the Government intends doing nothing until the new Peak road is finally completed and the danger thus removed. Yet that is the inference which the public is drawing from the Government's silence on the subject. The adequate protection of our water supplies is an elementary obligation, resting upon the authorities. We hope soon to hear that it is being properly discharged.

Persian Outrage.

The very regrettable murder of the American Consul at Teheran appears to have been directly due to religious prejudice. The crowd resented the photographing of a holy fountain, probably with the idea that it meant desecration. This is a reflection of the "evil eye" attitude towards cameras wielded by travellers in different parts of Asia, and arising from superstitious belief very strongly held in Persia and Arabia. However, the resentment of the people had to be particularly strong for them to make such a savage attack on the two Americans, with such determination. This feeling has been manifested for some time, and is the product of the sinister efforts of propagandists. It should point a moral for other parts of the world where anti-foreign agitation is in progress. A Reuters message to-day mentions that the fatalities cried out that the Americans were Bahais, a non-Mohammedan religious sect. This is interesting for Hongkong, as only recently we had an American lady in our midst extolling the virtues of Bahaiism, the brotherhood of all beliefs, founded by Abdul Baha, who suffered persecution for his pains. Evidently these doctrines of the fraternity of mankind have made small impression in the region of their inception.

Allied Progress.

These past few days of the London Inter-Allied Conference have seen a desire on the part of all sections to come to a common understanding, and special tributes are being paid to the United States representatives for their share in the good work. Apart from the preliminary compliments which one can expect, there is a great deal of the amicable atmosphere such as is necessary for success. So far as actual results are concerned, it is perhaps too early to rejoice, for we have yet to observe an agreement on some of the most knotty problems of present-day Europe, but there is a good augury in the conclusion of the sanctions discussion to the satisfaction of France, which has always, rightly, claimed the right to set up machinery for enforcing the carrying out by the debtor of any arrangement that might be come to. Without the means to ensure respect for the Allied reparations decisions, the whole proceeding would prove a farce. It is pleasing to observe the dawn on all sides of an understanding that the points of view of others deserve careful consideration and should not be accepted grudgingly or with suspicion as to motives. Sober judgment prevails, and that is what has been wanted all along at these inter-Allied conferences.

DAY BY DAY.

TOIL AND PLEASURE, IN THEIR NATURES OPPOSITE, ARE YET LINKED TOGETHER IN A KIND OF NECESSARY CONNECTION.—Lipp.

"The Value of Devotion" will be the subject of this week's Public Lecture of the Hongkong Lodge of the Theosophical Society, 16, Queen's Road Central, on Wednesday, July 23rd, at 5.45 p.m. All are welcome.—Advt.

It is reported that, in consequence of treasonous refusing to accept the new Canton coins with "13th year" on the face thereof, the authorities have decided to call in the old coins and replace them with these new ones. A big profit is expected from this measure.

A Chinese lunatic, a passenger on the Van Cloon, which left Singapore for Hongkong last week, created some excitement by leaping overboard. He was drowned, but the master's report does not state whether or not the body was recovered. A Chinese deck passenger died on board also.

The report of Capt. A. J. Hosken, R. N. R., the commander of the Empress of Russia, discloses that while working cargo in No. 5 hatch, a cargo coolie was fatally injured and died shortly afterwards. A Chinese stevedore passenger died of heart failure on the journey to Hongkong.

Reuters sends through a corrected telegram in regard to the Stamford Bridge international sports between Britain and America, showing that the three miles team race was won by the British Empire, and not America, by 20 points to 16. This makes the total eleven events for America and three for Britain.

Hongkong cinema-goers have their last opportunity to-day of seeing Paramount's wonderful picture, "The Sheik," which has been drawing "capacity houses" at the Coronet Theatre for the last six days. "The Sheik" is claimed, is a very notable production alike for its brilliant acting, its splendid staging and its skillful screening. Rudolph Valentino and Agnes Ayres are the stars.

Showing at the Star Theatre to-day and to-morrow is a delightful comedy with vivacious Constance Talmadge playing the leading role. "The Primitive Lover" is really a delicious burlesque, poking fun as it does at the solemn nonsense of the typical "man and his mate" story. Besides this however it also offers a first rate plot in which humour and adventure are skilfully mingled.

Hongkong residents have a unique opportunity of securing some luscious fresh American fruit and vegetables, which have just arrived here in cold storage and are now being offered by the catering department of the Hongkong Hotel. These include cherries, canteloupes, grapefruit, peaches, plums, pears, etc. Early application is advised, as this is a special consignment which will no doubt soon be sold out.

The boarding house runner, Lo Loung, who was yesterday charged at the Criminal Sessions with uttering forged 100-rupee notes purporting to have been issued by the Government of India and with having in his possession other forged notes of the same denomination was found guilty after a lengthy hearing and was sentenced to five years hard labour on the first count and one year on the second, the sentences to run concurrently. He told the Court that he was asked by visitors to change the notes, and, in his position, he was obliged to go on errands if requested.

CHINESE REPRESENTATION.

London, July 21.
In the House of Commons, Mr. J. H. Thomas informed Mr. C. W. Darbishire that the nomination of a second Chinese member of the Federal Council of the Malay States was being made immediately.—*Reuter*.

CORRESPONDENCE.

(To the Editor of the "Hongkong Telegraph.")

"The Sheik."

Sir,—I expect that quite a lot of people who have seen "The Sheik" at the Coronet Theatre, especially those who have read the story, were, like myself disappointed. As "The Sheik," Rudolph Valentino, in my opinion, plays the part very poorly; nothing like we saw him in "The Four Horsemen." Charlie Chaplin could have done better! Agnes Ayres, does not act the "English Lady" very well at least, not as the story reads. The picture on a whole, in my opinion, lacks "Pop." Last but not least, why one should be charged \$2 to see "The Sheik" is beyond me.

Yours etc.

J. McCABE.

Hongkong, July 20th, 1914.

IN HAWAII.

AN ACTIVE VOLCANO

Mr. George T. Armitage, Executive Secretary, Hawaii Tourist Bureau, in a letter to the local office of the Pacific Mail Steamship Co., says:—

"Kilauea volcano, the central attraction of Hawaii National Park has been putting on a wonderful show during the past few weeks. The hundreds of tourists who have watched from the Volcano House or from vantage points on the rim of Kilauea's main crater the spectacular eruptions which have been occurring from time to time have with one accord pronounced it the sight of a lifetime, in itself worth the trip to Hawaii.

"Let us particularly emphasize the fact that Kilauea's recent activity has been spectacular rather than dangerous, and that the National Park is open, with no restrictions on the movement of visitors to the Park. At the same time the officials of the Park Service are constantly on the alert to safeguard human life at the volcano, and no visitor is ever permitted through foolishness or ignorance, to enter areas of possible danger."

WORLD THEATRE.

"ALIMONY" TO BE SCREENED.

Coming to the World Theatre to-morrow is a play which sets forth alimony in a new light—as an instrument of reconciliation rather than a wedge to widen the breach between husband and wife. "Alimony," by A. T. Locke, pictured by F. B. O., approaches the subject of a post-marriage dowry in a new way.

At the beginning of the play a young inventor, Jimmie Mason, played by Warner Baxter, is discovered with Marion, his bride of a few weeks, living in meager circumstances. Grace Darmond is the wife. Jimmie is on his way to explain his invention to some important business men, but he is no sooner outside the house that he slips on a wet pavement and is brought home with a twisted ankle. Rather than let the proposition fall through, Marion goes in his place, and is so convincing that she sells the invention.

The author follows them through their subsequent rise from poverty to prosperity till, through the machinations of Jimmie's employer, who cast an envious eye toward Marion, and Gloria Dubois, a gay widow, who takes a liking to Jimmie, a separation is effected between the two. Marion remains true to Jimmie, knowing him to be the victim of deception, but for secret purpose she asks a huge alimony. Everybody turns against her when her mercenary demands are made known, even Jimmie, who cannot understand the action which is so unlike her.

Fighting the world, and even her own husband, for his own good Marion finally turns defeat into victory and utilizes the money which she forces from her husband to bring him back to her and re-establish him. Grace Darmond, as Marion, is afforded one of the best opportunities of her career, it is said. Ruby Miller, playing Gloria, makes her American film debut in "Alimony." She is an English actress of note.

UMBRELLA STOLEN.

MAGISTRATE'S FELLOW FEELING.

Before Mr. E. W. Hamilton, at the Kowloon Magistracy this morning, two Chinese, who were charged with stealing an umbrella from No. 3, Haiphong Road, were sentenced to six weeks and three months' hard labour respectively. The latter had a previous conviction against him. Sub-Inspector Spear told the Court that both defendants approached the complainant who was in No. 3, Haiphong Road repairing socks. They engaged her in conversation, and after they had left she noticed that her umbrella was missing. She later went in search of the defendants and saw them walking along Peking Road with the umbrella. They were being followed by a detective. When she accused the men, the detective arrested them. His Worship to the (Inspector)—I hope the detectives will find my umbrella which was taken from the Club.

COLUMBIA

NEW "PROCESS" RECORDS

are the greatest advance in records yet achieved. The patented processes of manufacture have ensured the elimination of surface noises.

THE ONLY RECORDS WITHOUT SCRATCH.

SOME HINTS FOR USERS.

The speed at which a record is played is most important. Columbia Records are recorded at 80 revolutions per minute and should be played at this speed to get the most faithful results.

COLUMBIA NEEDLE

Columbia Needles are designed with a specific purpose. The shape, length and taper are predetermined; the steel is specially made to formulate arrived at by long experience. Every issue of Columbia Needles is tested to ensure that all standards are complied with. Before playing a record it is advisable to allow the needle to rest on the outer smooth rim for a few revolutions, and then gently push the Sound-box over to the sound waves. Never use a steel needle twice.

CARE OF RECORDS

Keep your Records clean and free from dust—Wipe them over with a soft cloth before and after playing.

The envelopes used on Columbia Records are substantially made and act as good containers. Always replace a record in its envelope—being of different colour they afford a simple means of classification.

Columbia Albums are best for permanent storage and afford means for better classification.

ANDERSON'S

NO MORE INDIGESTION AFTER EATING

That distressing, disagreeable, and frequently painful condition known as indigestion, from which so many people suffer after eating, can be prevented, or relieved in five minutes, by taking two or three Bisurated Magnesia tablets immediately after eating, or whenever pain is felt. It's really wonderful the way these little tablets prevent and relieve all forms of stomach trouble and weakness due to or accompanied by acidity or food fermentation. If you have acid stomach weakness, indigestion, loss of power or any other form of internal trouble, go to the nearest chemist for a package of Bisurated Magnesia tablets; take as directed and you'll be amazed and delighted with the results. Be sure to see the trade-mark word BISMAG on the wrapper when buying.

KIDNAPPER CAPTURED.

VICTIM'S STORY OF CAPTIVITY.

The story of how a robber and
kidnapper was caught was told
when Kwok Muk was found
guilty of robbing Chen Ping of
\$101 Kwantung money and \$15 in
Hongkong currency on Aug. 20th
and of taking Cheng Ping away by
force with the intention of procuring
ransom.

Prisoner came before Mr. Justice
Campbell and pleaded not guilty.
Opening the case Mr. T. M.
Hawling said Cheng Ping's
brother was in charge of a matchbox
at Un Long Wan and dealt in salt.
He went away and Cheng Ping
went to look after the business.
Un Long Wan was on the south
side of Deep Bay in the New
Territories.

On the evening of August 20th last
year three men entered the matchbox
and asked for opium. They were
supplied and as Cheng Ping was
picking up the money they seized
him. Prisoner was one of the men.
He produced a revolver and fired
several shots through the roof to
frighten him. He was beaten with
the butt-end and was told money
was wanted.

Took the Money.

Two of the men bound the folk
and prisoner was taken by Cheng
Ping to where the money was kept.
The robber ransacked the place
and then bound Cheng Ping and
took him on board a junk and
sailed away to Chinese territory.
He was there held prisoner for
three months. During that time
he saw prisoner about every three
or four days and was told by him
he would have to write letters to
his relatives for ransom.

Cheng Ping's brother ultimately
sent up intermediary and the
kidnappers eventually took \$180
and Cheng Ping was released and
came back to Hongkong and
gave information to the Police.
As a result prisoner was arrested
on June 22nd at Tai O.
He was identified by Cheng Ping
and by a folk. Previously the
prisoner had been a constant cus-
tomer at the salt matchbox but
since Aug. 20th he had not been
seen in the vicinity.

A Huge Demand.

In one of the letters written by
Cheng Ping asking his relatives to
send ransom money he said, a
scoundrel had him prisoner. He had
been tortured and had been told he
would be shot if the money was
not forthcoming. He said the rob-
bers had reduced their demand to
\$1200. He had told them he
could not get more than \$1000 but
the scoundrel had refused to hear
of this amount.

Cheng Ping gave evidence and
said while in captivity he was kept
in a small matchbox used for mar-
bling ducks. His legs were kept
chained together.

Other evidence was then called
by the Crown.

Two statements made by the
prisoner when charged at the Police
Station were read. In the first, in
reply to the charge of robbery he
said, "I did not do this thing. I
am a farmer and know nothing of
the matter." His reply to the
kidnapping charge was, "I did not
do this thing. I seldom come
down to British territory."

Prisoner had nothing to say to
the jury and a verdict of guilty on
both counts was returned.

The Lordship passed sentence of
seven years with hard labour on the
first charge and eight years on the
second, the terms to run consecu-
tively.

TIENTSIN AGAIN MENACED.

CHINESE AUTHORITIES REFUSE TO ACT.

Tientsin, July 21.—Tientsin is
again menaced by floods, owing to
the flood waters fifteen miles west
of the city now registering twenty-
two feet. The danger is aggravated
by the Chinese authorities
refusing to cut the Pelyun-ho dyke.
The local volunteer corps was called
out to-night to patrol the con-
cessions and the dykes.—*Reuter.*

JAPANESE STEAMER SUNK.

ONE SAVED OUT OF FIFTY SEVEN.

Tokyo, July 21.—The s.s. Matsu-
yama Maru which sailed from
Keelung on the 9th, was sunk on
the 11th inst. on the west of Goto
Islands. There were fifty-seven
people aboard and all were lost
except one stoker, who existed on
a raft for a week without food or
water. He was picked up by a
trawler.—*Reuter.*

KIDNAPPING.

BOYS HELD FOR RANSOM.

Before Mr. E. W. Hamilton, at
the Kowloon Magistracy yesterday
afternoon a Chinese was charged
with (1) taking away or detaining
either by force or fraud, Chu Shu-
kang, a 16 year boy on the 24th
May; (2) kidnapping and harbour-
ing Chu Yin-wing a boy under the
age of 16 on the 28th May.

Opening his case for the prosecu-
tion Inspector Murphy said that
the boy in the first charge had gone
to the Government Pier, next to
the Star Ferry Wharf, to see the
ships leave the harbour on the 24th
May. Defendant alleged to have
approached him and asked him to go
with him to sell ice water. He
took the boy to a certain house in
Mongkok. This house is unknown
to the police. The boy was kept
there for two days when he was
again taken to the Pier. He was
later taken on a train. When at
the Government Pier defendant is
alleged to have been seen sitting
on a seat holding the boy's hand.

The boy was taken on the train
and proceeded with defendant to
some station in Chinese territory.
He was put in a room in a house
there and locked up. After that
he did not see defendant any more,
till the 28th, when defendant took
the other boy (Chu Yin-wing) to
the same room. Both of the boys
were then confined in the same
room. Three days later the second
kidnapped boy was taken out to be
sold. He was taken to a hill side
where he was told to sit down and
wait whilst defendant went to
fetch somebody. Being left alone
the boy saw an opportunity of
escape. Observing the railway
lines in front of him he followed
them till he got to the South
Tunnel or more commonly known
as the Mile Tunnel. He walked
over the top of the hill and eventu-
ally arrived home and told his
mother how he had obtained his
freedom.

On the 28th of May defendant
is alleged to have met this boy
in the Lai Cheekok Road and being
offering the same prospects as was
offered the first boy, he was taken
to Tsim Sha-tui and put on board
a train and taken to Ping Wai
where he met the other boy.

Reward Offered.

This youth told his mother that
the other boy was still in captivity.
Both the boys and their
parents being acquainted with
one another, the elder boy's
parents were informed and
they went to Shun Chun to try
and secure the boy's release by
offering a reward. The boy's
father waited for three days at
Shun Chun but as there were no
further developments he left and
returned to Shamshui. On his
arrival home a letter was waiting
for him.

Acting on the contents of the
letter he sent a man to Shun
Chun with \$80. This delegate
waited at the Station for eight
hours, after which time a man
arrived by train from the direction
of the Chinese Territories. After
negotiations had been completed,
this man brought back the missing
boy.

The man who saw defendant hold-
ing the first boy's hand on the
Government Pier on the day of his
disappearance, acting on informa-
tion, took the police to a tea house
in Mongkok and had the defend-
ant arrested.

The boy's father corroborated
the Inspector's outline saying that
the ransom money was given to a
certain man named Tang.
The boy giving evidence said
that he was on the Government
Pier when defendant accosted him
and promised to find him employ-
ment. He was then taken to a
house in Mongkok, which witness
described as the "Robbers den."

He spent two days at this house
but could not give its address.

FLOOD RELIEF.

THE GOVERNMENT'S
ATTITUDE.

Acting upon the decision reached
at the meeting of the Tung Wah
Hospital on Sunday, the Hon. Mr.
B. H. Kotewall, Hon. Mr. Chau
Shu-ki, Mr. Li Po-kwai (Chairman
of the Chinese General Chamber of
Commerce) and Mr. Yik Ki-chau
(vice-Chairman of the Tung Wah
Hospital) interviewed the Secretary
for Chinese Affairs yesterday with
a view to securing the financial
help of the Government in sending
relief to the flood-affected places in
Kwangtung.

The Chinese leaders explained to
the Hon. Mr. A. E. Wood the
seriousness of the situation and
the urgency of help. Mr. Wood
was quoted as having replied
that while the Government
was quite sympathetic with the
Chinese community and would give
whatever help was considered
desirable, it was their intention to
wait until more detailed particulars
had been received as to the condi-
tions in the flooded places. In this
connection a first-hand report from
the representatives sent to Canton
to discuss the relief plans with the
Canton Volunteers would greatly
help the Government in whatever
action it might take.

Last night Messrs. Yik Ki-chau,
Li Yau-chuen, Chow Pak-tim and
Lai Man-wai left for Canton
by the Lung Shun to help
the Merchant Volunteers Corps
in formulating relief plans.
They expect to be back to-
night or to-morrow.

At Sunday's meeting it was
stated by the Chairman that the
commercial unions representing the
flooded districts had not communi-
cated with the Hospital, though
they had been informed that rice
for relief would be issued on appli-
cation. Yesterday, however, appli-
cations were put in by two unions.
It is intended to issue 150 bags of
rice to them.

As in previous flood disasters a
number of the more important
Chinese societies have come for-
ward with various suggestions of
launching an effective drive for
subscriptions. The Chung Sing
Benevolent Society, the Confucius
Society and the Lam Long
Dramatic Association have offered
their services, and probably in the
course of the week the streets will
be toured by bands of Chinese with
banners galore, all shouting lustily
"Save Life" as happened a few
years ago.

Representatives of the three
organisations met at the Tung Wah
Hospital last night to discuss
details of the campaign.

Witness said that he did not
refuse to go with defendant as he
had promised to find him some
work.

Man with Gold Teeth.

After corroborating the opening
witness, the boy was submitted to
a lengthy cross examination by
defendant.

He denied going to the first floor
of No. 637 Shanghai Street with a
man who had gold teeth. He did
not see the man on the floor and
did not know anybody by the name
of Ah Sing. He was taken to the
house about 10 p.m. The next
morning he went to tea with
defendant only and not with Ah
Sing also.

Defendant: Did I not ask you
where the other man brought you
from when we were at the tea
house.

Witness: No you did not. There
were only the two of us there.

Witness further denied a con-
versation which defendant alleged
he had with him. Witness said
that he did not tell defendant that
his parents were dead and that he
lived in the streets, nor did he
say that he made his living by
begging.

After further examination by
defendant the case was adjourned.

SHAMEEN STRIKE.	DEATH OF MR. H. J. B. NORTON.	BRITAIN AND AMERICA.	TYPHOID EPIDEMIC.	FRESH MEAT.	FATAL FALL.
A DEADLOCK REACHED. Unions Awaiting Further Orders. The hopes of the last two days that the Shameen strike would soon be settled appear to have been dissipated, for this morning we received the following telegram from our Shameen correspondents:— Shameen, July 22, 10.14 a.m. The negotiations have reached a deadlock. All the Unions are now standing by for strike orders. For the past few days, conferences have been taking place between the strikers' representatives, the British and French Consuls and the Chairman of the British Municipal Council (Colonel Cross), and according to the Canton Gazette agreement was reached on some points, those including the abolition of the new regulations and no restrictions on Chinese entering and leaving the Shameen before 11 p.m. The outstanding questions, according to this journal, were the demand that no pay for the strike period be deducted and that no employees be dismissed for joining the strike in this connection. It is said that the Consuls could not commit themselves on these two points before obtaining the opinions of the residents who are neither British nor French, and that a meeting of all residents was to be held last evening on these matters. We hear that the meeting of residents duly took place and certain proposals were made to the strikers, a reply being requested within twenty-four hours. Seemingly, the negotiations have now reached a complete deadlock. The Canton Gazette was informed on Sunday that unless the strike was settled on Monday, the Union intended extending the area and sphere of the strike and had made preparations to keep up the strike for a prolonged period. This morning's cable to the Telegraph indicates, as already noted, that all the Unions are now awaiting orders. Vernacular papers state that the cause of the deadlock is that the British Consul insists on Chinese employees being registered and providing three photographs of themselves.	HONGKONG HOTEL MANAGER DIES AT COLOMBO. It is with the utmost regret that we have to chronicle the death of Mr. H. J. B. Norton, resident manager of the Hongkong Hotel, which occurred at Colombo yesterday, whilst the deceased was on route for Home. The sad news came to hand this morning by cable, the cause of death being given as enteric. The late Mr. Norton left Hongkong on sick leave by the s.s. Suva Maru on July 2nd, his health—having been indifferent for some time. No anxiety was, however, felt regarding his condition, and the news of his death has come as a great shock to his colleagues in the Hotel and his numerous friends. He was quite a young man, being just over 30 years of age, and was unmarried. It was in October, 1920, that Mr. Norton came to Hongkong, joining the Cafe Wiseman as assistant manager. He remained with the Cafe until the end of March, 1921, when he joined the staff of the Hongkong Hotel, where his services were so much appreciated that a little more than a year ago he was appointed Resident Manager. Of a quiet and courteous disposition, the deceased was greatly liked by all who knew him, and there will be widespread regret felt at his untimely death, which has cut off a promising career early in life. The utmost sympathy will be felt with his relatives in the loss they have suffered.	PRINCE OF WALES TO VISIT U.S. IN AUTUMN. London, July 21. Mr. Charles Hughes, the United States Secretary of State, was given a dinner by the Pilgrims Society to-night. The Duke of Connaught presided, the Prince of Wales, Members of the Cabinet and many Home and Overseas distinguished men being present. The Chairman, in proposing the health of their guest, said that they appreciated most highly the services that Mr. Hughes had rendered to the world and mankind by the generous manner in which he had always regarded the different important questions. His presence in London at the present time was greatly important. There was a warm feeling in England towards America and anything which would promote that feeling would be to the lasting interest of the whole world. The Prince of Wales, supporting, said he hoped to re-visit the United States in the Autumn. Mr. Hughes, replying, said that America could be counted upon as a non-aggressive Power devoted to the interests of peace. They believed that the Dawes plan had opened a path of confidence and prosperity and they were therefore deeply interested in its prompt execution.— <i>Reuter.</i>	WATER AND MILK SHOULD BE BOILED. In view of the prevalence of typhoid, a warning is being issued by the Medical Officer of Health advising residents that it is desirable that all water and milk should be boiled before use. When seen by a Telegraph representative this morning, Dr. W. W. Pearse said that he had decided to issue the warning purely as a precautionary measure and it did not mean that the Colony's drinking water or milk was necessarily contaminated. It was advisable, during an epidemic like the present one, to take every possible precaution.—The epidemic was not a bad one, but the number of cases was considerable. He was still making all possible investigations, but at the moment was not in a position to make any statement regarding either the origin or the spread of the epidemic. LATEST RETURNS. Yesterday's returns show that there were three fresh cases of typhoid fever (one British, one English and one Japanese) and two fresh cases of paratyphoid fever (both Scottish). There was also a British case of diphtheria. Last week's total returns show eleven cases of typhoid fever (three British, three English, two German, one Portuguese, one Chinese and one Indian) and five cases of paratyphoid fever (two English, one British, one Scottish and one Indian). No deaths are reported. HEALTH RETURNS ANOMALY. When asked why the health returns sometimes showed "British" cases and at the same time either "English," "Scottish" or "Irish" cases, Dr. P. arose smilingly and agreed that there was an anomaly. But he went on to explain that the nationality of a patient was always taken as being that given by the medical practitioner who made the statutory notification. When a doctor finds that a patient is suffering from a notifiable disease, it is his duty to make a report to the Medical Officer of Health and in that report he has to state the nationality of the sufferer. Dr. Pearse explained that where the nationality was given as "British" he had not the time to run round to find out whether the patient was born in England, Wales, Scotland or any other part of the British Empire, and so the word "British" was used in the returns. Where the nationality was more specifically stated, it was used as given.	AUSTRALIAN BEEF FOR HONGKONG. An interesting experiment in the importation of fresh meat from Australia is about to be witnessed here, by the arrival in port to-day of the s.s. Cantara, from Port Darwin, with 100 head of live Australian cattle on board. An Australian firm of cattle exporters, which already imports live cattle into the Philippines for slaughtering purposes, has indicated its desire to import live cattle into Hongkong and is making an experiment with 100 head. Special arrangements have had to be made to deal with the consignment, as there is no place at which to land 100 wild cattle. The ship will be taken round to Aberdeen Dock and there the cattle will be slaughtered as soon as they come on shore. The meat will then be prepared for the market and will be on sale at current market prices, the importers taking all risk as to whether the price received will be sufficient to reimburse them for the expense to which they have been put. In the opinion of those qualified to judge, it is doubtful whether live cattle for slaughter purposes can be imported into Hongkong from Australia at a profit. About 80 or 100 head of native cattle are slaughtered every day here, and this is a very small number, having regard to the size of the Colony's population. The native population does not consume a great quantity of beef and the supply of native cattle, plus the frozen Australian meat imported by the Dairy Farm Ice and Cold Storage Company, is more than sufficient to meet the demand. The expenses of landing and slaughtering wild cattle will be fairly considerable and by the time cost of shipment is added, it is extremely doubtful whether the meat can be sold at market prices and a profit secured. This first shipment is purely experimental and the Company concerned is taking all risks. Should it prove to be successful, the Company is prepared to provide facilities for handling here and to make regular shipments. The s.s. Cantara has been delayed on her way up and should have reached here at the beginning of the month.	SHIP'S OFFICER'S TRAGIC DEATH. Mr. Eric Alexander Thompson, a mercantile marine officer, was killed by a fall from an upper floor at the Sailors' Home at West Point last night. His lifeless body was found lying on the ground in front of the entrance into the building from Des Voeux Road. Examination revealed that life was extinct, as the result of both ankles being broken, and other injuries. The deceased officer, who was 41 years of age, and a native of Sydney, Australia, was employed on the steamer Dorwent until its recent purchase by a Chinese at an auction sale. He had then moved into the Home and had been living there some ten days before his death.
	ALLEGED POLICE OBSTRUCTION. MAN AND WOMAN CHARGED. Two Chinese (one a man and the other a woman) were charged before Mr. E. W. Hamilton, at the Kowloon Magistracy this morning, with assaulting a Wei-Hai-Wei police sergeant and also with assaulting and obstructing a constable belonging to the same branch of the Force, in the execution of his duty. Both the defendants were employed at the Chak Tsai Shing timber yard, in Shantung Street, Mongkok. The sergeant stated that whilst he was speaking to a hawker at 11.15 a.m. on the 15th instant, the male defendant interfered with him. When he told the defendant not to interfere, the latter replied that he (the sergeant) should not interfere with the hawker, and advised them to go to the Police Station. Witness then tried to take the defendant to the station, but he refused to go. A constable came to witness' assistance and was struck with a piece of wood by the male defendant. The female defendant, whom witness had not at first noticed, then appeared and struck him with a shovel. Mr. R. E. A. Webster, who appeared for the defence, submitted that the first defendant, hearing a noise in the street, merely went out of his office and tried to stop the noise, advising them to go to the Police Station. The sergeant said the defendant came out of his office, but he denied that he spoke to him about the noise. He also denied that the defendant was inside the yard. He only struck defendant after defendant struck him. The constable said that he went to the sergeant's assistance and was hit on the wrist with a piece of wood. The case was then adjourned to allow the magistrate to visit the scene.	CONCLUSION OF OLYMPIC LAWN TENNIS. AMERICANS LEAD BY BIG MARGIN. Paris, July 21. In the Olympic lawn tennis doubles final, Hunter and Richards (America) beat Brugnon and Cochot (France), 4-6, 6-2, 6-3, 2-6, 6-3. The weather was close and the sky overcast. The game began listlessly, with periods of baseline play broken occasionally by rallies and excursions to the net which livened up the game. In the third set Cochot was brilliant with his smashes, and Richards was serving brilliantly. Richards dominated the fourth set, though Cochot was irresistible and very accurate in his placing. He frequently caught the Americans out of position. The Americans exerted steady and determined pressure in the final set. In the mixed doubles final, Williams and Mr. Wightman (America) beat Richards and Mrs. Jessup (America), 6-2, 6-3. In the play-off for third place between the beaten semi-finalists, Borotra and Lacoste (France) beat Condon and Richardson (South Africa), 6-3, 10-8, 6-3. The final placings in the Olympic lawn tennis were: America 55 points, France 28, Britain 16, Italy and Holland both 4, South Africa 3.— <i>Reuter.</i>	LEGAL GATHERING. "IN THE OLD HOME." London, July 21. There was a historic gathering in Westminster Hall on the occasion of the official Welcome to the American Bar Association. The ceremony was very impressive, and began with a procession of twenty-six Law Lords and Judges, headed by the Lord Chancellor, resplendent in his scarlet and ermine robes of office. They took their seats on the dais in response to a summons by Lord Haldane. The Attorney General eloquently presented the guests. Lord Haldane delivered a fine speech of welcome, in which he recalled some of the great legal figures of the past who sat in that hall. Mr. Hughes replied in a great oratorical effort, and concluded by saying: "Here we sit together at the fireside in the old home." Justice Sutherland also replied, and the ceremony concluded with a Judges' procession.— <i>Reuter.</i>	INDIAN AFFAIRS. DISCUSSION IN THE LORDS. London, July 21. The House of Lords debated the Indian situation on the initiative of Lord Peel who asked for a full Government statement of policy. He especially drew attention to the general constitutional situation and the question of applying the report of the Lee Commission for dealing with the acceleration of the Indianisation of some services and the provincialisation of other services, and an improvement in the financial conditions and security of tenure of European civil servants in India, whose recruitment in Britain was recently becoming difficult. Lord Olivier, replying, declared that owing to the magnitude of the issues involved it was impossible to pass judgment on the Lee recommendations within such a short period. In the meantime he sympathised with the claims of the Civil Service and declared that recruiting in Britain for certain services had temporarily been suspended under the recommendations of the Report, but the British recruiting and pivotal services were being continued, in connection with which there was no fear of being able to get sufficient applicants. As regards constitutional reform Lord Olivier declined to prejudge the report of the Committee which was at present exhaustively exploring the situation.	TO-DAY. Closing Exchange 2s. 4 1/10. TO-DAY'S ARMED ROBBERY. GANG MAKES GOOD HAUL. An armed robbery occurred at West Point early this morning, when a number of men broke into No. 49 Belcher's Street and got away with money and jewellery to the value of \$500. It was shown in police investigations that the men climbed up a scaffolding in the rear and got through the kitchen door. They had then waited until the door was opened by a servant engaged on the morning cooking. She then involuntarily uttered screams which were heard by the rest of the household. They, in their turn, were intimidated by the gang and submitted without opposition to the searching. An alarm was stabbed under the left armpit and was removed to hospital by the police on their arrival. The floor was tenanted by a man who had lately returned from America. There is a popular notion amongst the Chinese that because these emigrants return from America they must necessarily be rich, and possibly this belief was shared by the robbers. When the gang visited the place the man was away, and his family, comprising his wife, two concubines and six children, were still in bed.	RAIN PREVENTS CRICKET. London, July 21. At Lord's rain fell and there could be no play in the match between South Africa and Middlesex, and the match was abandoned.	EAST RIVER FRONT. RUSSIANS BUSY IN PROPAGANDA WORK. Current reports indicate that there is at least some sign of activity on the East River front. It is said that Dr. Sun Yat-sen has ordered the Fukienese force, about 1,000 strong, which has appeared on the North River following a defeat by Chan's forces, to proceed to the left wing on the East River front, to take up the positions vacated by the Hunanese troops, who have been recalled to Canton. A report from Shengkung states that a number of Russians, accompanied by interpreters, are carrying out "Red" propaganda amongst the troops, having distributed a large quantity of handbills. The Canton Government has during the past three days issued many notices to the press not to publish any matter in connection with Bolshevism or military	CHARGE FAILS. TABLES TURNED ON INDIAN CONSTABLE. A charge of assault brought by an Indian constable failed to-day when the defendant, a hefty-looking Chinese, brought a counter-accusation against him of indecent behaviour. It was stated by the Sikh that the defendant impeded traffic by standing in the roadway at the Old Bailey point, but to this charge the defendant replied with the statement that the Indian made an indecent gesture. It was not true that he caught the Indian by the tunic, and he claimed to have blown a police whistle. His Worship said there was something to be said in the defendant's favour when he blew his whistle. Defendant was dismissed.	DEATH OF DR. CHARLES KENYON. London, July 21.
